

WERE YOU DENIED ON YOUR BACKGROUND CHECK?

If you believe you were wrongly DENIED to buy a firearm or always get a DELAY when trying to purchase a firearm, please read on. You may request an appeal from the NICS background system, the system used by a gun shop to check your background status. The form is quick and easy to fill out and if you are successful, you will be issued a UPIN (Unique Identification Number) to use in future firearms purchases. Just follow the link below to start the process.

The (VAF) voluntary Appeal File was created to help you clear up WRONGLY applied DENIAL or DELAY status. Let them help you, that is why they are there. You can also go to FBI>COV for more info. Please don't put this off, get it fixed.

To start you will need the "NTN" NICS Transaction Number, you can get it from your dealer where the background check was performed, just ask your Dealer (gun shop) for the NTN#. You may submit your request by FAX or MAIL as follows.
